PRIORITY OF ACCESS GUIDELINES

There are no longer mandatory requirements for filling vacancies and providers can set their own policies for providing a place (as of 2 July 2018). However the Department of Education and Training encourages providers, as vacancies occur, to consider prioritising:

- a child at risk of serious abuse or neglect
- a child of a sole parent who satisfies, or parents who both satisfy the activity test through paid employment

We will also give an additional priority to the following children:

- children in Aboriginal and Torres Strait Islander families
- children with a disability or in families which include another person with a disability
- children in families from a non-English speaking background
- children in socially isolated families
- children of Council employees
- children aged 4, in the last year prior to school
